Celebrating its 20th anniversary, Hyde Park School of Dance offers dance classes for students of all ages. The School's First Steps program introduces movement and dance to our youngest dancers (and their caregivers), starting at 18 months. For slightly older students, we offer Creative Movement, Boys Dance, Ballet, Modern, and Jazz/Hip Hop. Our curriculum includes exposure to choreography and free performance opportunities. The School is a not-for-profit organization, and is proud to offer a needs-based scholarship program to encourage and foster a love of dance, regardless of financial means. Did you know that all children are musical? Have you ever wondered what you can do to nurture the music growth of your child, regardless of your own musical ability? For hundreds of thousands of families worldwide, Music Together® is children and their grownups joyfully sharing songs, rhymes, movement, and instrument play, both in music class and in their daily lives. A pioneer in early childhood music and movement education, Music Together offers classes for children from birth through kindergarten, in which parents and caregivers actively participate. Fully trained, registered Music Together teachers lead groups of six to twelve children and their parents or caregivers (nannies, babysitters, grandparents, or relatives) in forty-five minutes of music and movement experiences.
