HPNC extends its programming for families and children by providing rental space and collaboration opportunities for youth organizations with programming consistent with our mission to offer high quality childcare, academic support, and enrichment opportunities. We encourage you to get to know our Early Childhood Program Partners, try their classes, and help to spread the word about them!

The Baby PhD Childcare Network at HPNC is dedicated to developing and supporting Professional Home Daycares (PhD) and other community-based childcare providers serving children 0-3 whose families live and work in the Hyde Park and University of Chicago Communities. Baby PhD provides direct support to both childcare providers and families seeking childcare. Free Childcare Information and Referral sessions are offered monthly at HPNC. **For more information contact BabyPHDCCN@hpnclub.org**

Celebrating its 20th anniversary, Hyde Park School of Dance offers dance classes for students of all ages. The School's First Steps program introduces movement and dance to our youngest dancers (and their caregivers), starting at 18 months. For slightly older students, we offer Creative Movement, Boys Dance, Ballet, Modern, and Jazz/Hip Hop. Our curriculum includes exposure to choreography and free performance opportunities. The School is a not-for-profit organization and is proud to offer a needs-based scholarship program to encourage and foster a love of dance, regardless of financial means. **Learn more or register for a class at hydeparkdance.org, or by calling 773-493-8498.**

Did you know that all children are musical? Have you ever wondered what you can do to nurture the music growth of your child, regardless of your own musical ability? For hundreds of thousands of families worldwide, Music Together® is children and their grownups joyfully sharing songs, rhymes, movement, and instrument play, both in music class and in their daily lives. A pioneer in early childhood music and movement education, Music Together offers classes for children from birth through kindergarten, in which parents and caregivers actively participate. Fully trained, registered Music Together teachers lead groups of six to twelve children and their parents or caregivers (nannies, babysitters, grandparents, or relatives) in forty-five minutes of music and movement experiences.
